

BOOK IN BAG- CLASSROOM LIBRARY

SEB'S SCHOOL, JAWADHI HILLS

Seb's school offers variety of opportunities to tribal children in the Jawadhi hills to access quality education at all levels. One such initiative is to improve the reading skills of our school children by introducing the concept of class room library.

The Library-in-a-Classroom is a portable, wall-mounted, modular unit of up to 100 carefully selected storybooks by Pratham which provides children with a library like atmosphere and inspires them to read.

The books are divided across four reading levels in English and Tamil languages. Their bright and colourful storybooks create a platform for everyone to enjoy and encourage them to read
